

Forgive me when I see but just don't respond  
Confessional prayer response song by Paul G. Barnsley

*Forgive me when I see but just don't respond,  
Give my heart compassion, so it sees beyond  
The face of all people whose needs I now bring,  
May Your Spirit's power fill my life as I sing.*

Lord, as we come today, help us to give thanks for the good things you've given to us – for family and friends, food and clothes. Forgive us when we fail to remember those who are less fortunate. Touch our hearts with Your Spirit so that we'll respond to people who are lonely and needy with practical action and giving in the days ahead.

*Forgive me when I see but just don't respond.....*
