

God sent the Spirit of His Son:prayers/sung response

*{ God sent the Spirit of His Son into our hearts} *2*

Lord in **this** moment, we want to think not of ourselves... but of others. We bring before you everybody here today - friends, families and acquaintances, together with those people we don't yet know, asking that **each** person would be renewed **NOW** by your Spirit and strengthened in their heart by Your love.

*{ God sent the Spirit of His Son into our hearts} *2*

Lord in **this** moment, we want to think not of ourselves, but everybody **YOU** know who's finding life tough at present and that includes those **You** know that we don't! May Your Spirit shine upon them today, shedding **Your** light, revealing **Your** perspective on each of the situations that **You** are with them in... for we know that Your Spirit is everywhere.

*{ God sent the Spirit of His Son into our hearts} *2*

Lord in **this** moment, we want to think not of ourselves, but of those people whose lives are under threat and face persecution because of their faith in You – persecution that's physical or well as emotional, or which results injustice for them and their families. May Your Holy Spirit rest on them, and keep them from all harm.

*{ God sent the Spirit of His Son into our hearts} *2*

Lord in **this** moment, we want to think not of ourselves, but each person **We** care for... friends, or family members we love. May your blessing and peace rest upon their lives, and may they catch a glimpse of your face as it turns towards them, wherever that may be. We pray that during this coming week, each person may experience your love and kindness in very real and practical ways as You work through others whom they meet.

*{ God sent the Spirit of His Son into our hearts} *2*
