

If our God is the same throughout time everlasting
By Paul G. Barnsley

*If our God is the same throughout time everlasting,
A promise from God is one we can trust.
And just how it's fulfilled that is not ours to question;
Hang onto His promise, hold faith in your heart.*

*If our God does not lie and his power is unending,
A promise from God is one we can trust.
And just when it's fulfilled that is not ours to question;
Hang onto His promise, hold faith in your heart.*

For as Abraham found when a hundred years old
When God promised a child, it just seemed like a joke
Yet within just a year his son Isaac was born
And the laughter of God was for all to behold!

If our God is the same throughout time everlasting

.....

So today when you hear God and read of His promise
For you and all those who believe in His Word,
Consider His power, for our Lord is Almighty,
Hold faith in your heart, give to God all your praise!

If our God is the same throughout time everlasting

.....
