

Fire's a symbol – Paul G. Barnsley

Fire's a symbol of our Father's living presence
And in it's light and power we often hide our face;
Fire was present when God's Spirit first anointed
Those who waited for the Father's outpoured grace.

*Fan into flames the gifts which God's bestowed upon you
Be set on fire to prophesy and speak His Truths
And as His fire refines and purifies your worship
Draw close to Him, my child,
Draw close to Him, my child,
Draw close to Him, my child
And seek His heart anew.*

Fire's a symbol of His Spirit's presence in us
And like the altar flames which Moses kept alight;
Everyday we need the Spirit's fresh anointing
To convict, empower, renew, work in our lives.

*Fan into flames the gifts which God's bestowed upon you
Be set on fire to prophesy and speak His Truths
And as His fire refines and purifies your worship
Draw close to Him, my child,
Draw close to Him, my child,
Draw close to Him, my child
And seek His heart anew.*
